

Additional Covid-19 Guidelines

Effective Feb 9th, 2021

During this time, with significant health risks worldwide, we are instituting reasonable precautions to prevent the spread of the virus for visitors to the hot springs. Every guest is required to acknowledge these guidelines and follow them carefully for the safety of the community as a whole. Even with the best guidelines in place, we cannot offer a risk-free environment.

RECOMMENDATIONS

WINTER CAMPING

Tent or car campers come prepared for winter camping! Our night time temperatures get down to 0! There is no indoor space for you to warm up, don't run the car engine for heat, the sauna is closed and the hot pool has limited access. Natural pond temperatures range between 92 and 96 degrees. Winter gear is necessary!

PLAN ALTERNATE, INDEPENDENT ACTIVITIES: hiking, biking, sun bathing, wildlife

photography, star gazing, inspired art and writing. Because of pool capacity limitations, you may not be able to soak or access your favorite pools so come prepared with other activities!

SAFER AT HOME: Consider the health and safety of yourself, OLT staff, and other guests. Visiting any pool or public hot springs increases the risks of contracting or spreading the virus. It might be better to stay home, to visit for a shorter time, or visit less frequently until we reach a less volatile stage in this epidemic.

INTOXICATION by drugs or alcohol is not allowed on OLT property. When people over indulge they lose the ability to make good decisions, to follow guidelines and be respectful of others. Keep alcohol to a minimum at your cabin, room or campsite. When you are intoxicated on the trails and in the pools, you put our staff, local medical personnel and other guests at risk. Responsible consumption is acceptable. Intoxication or the use of illegal drugs is not. High altitude & hot water intensify the effects!

HELP US PLEASE! OLT is a nonprofit, charitable purposes land trust and our margins are slim. We are risking a net loss of revenue until we can safely return to a greater capacity. We have chosen to not raise our prices, as many members cannot afford an increase. If you can assist with an additional donation, it is greatly appreciated and helps keep us going!

Now more than ever it is important that every guest **RECOGNIZE** the importance of these guidelines, and are aware of their effect on the environment, staff and other guests. That they **RESPECT** others, the environment, facility and wildlife habitat and take **RESPONSIBILITY** for their actions, their children/family and pets. **THANK YOU!**
